Work on your strength and conditioning skills at home as much as you can. If you don't have a bar at home, go to a playground or just work on your other conditioning skills.

Star Tip

Balance is another skill along with strength and flexibility that is key to gymnastics, tumbling, and really any other sport. You can work on your balance anywhere. Just walk, roll or cartwheel on a line, real or imaginary. Curbs, a tape line, or chalk on the sidewalk all work

Remember, the most important skill in gymnastics is the handstand. And you can work on your handstand anywhere there is a wall, just make sure you do it with an adult around!
